A Year in Chrysalis

A YEAR IN CHRYSALIS

AFTER 20 YEARS OF CREATING, CONNECTING AND TRANSFORMING OUR COMMUNITY, IT'S TIME TO DISCOVER THE NEW SHAPE THE AMC CAN TAKE TO SUPPORT OUR NETWORK'S BRILLIANT MEDIA-BASED ORGANIZING. OVER THE YEAR WE WILL ENGAGE OUR NETWORK IN EVOLVING FROM A CATERPILLAR TO A BEAUTIFUL BUTTERFLY.

+ Our Guiding Questions

- + What are the key ingredients that make the AMC special?
- + What are the elements of the conference that should continue?
What parts of the conference can become something new?
- + What are the gifts or resources the AMC can offer the world?
- + How can we offer our network healthy, accessible space?
- + What are the most important challenges to address during our Year of Chrysalis?

+ Chrysalis Support and Feedback

Turning from a caterpillar to a butterfly is no easy task. The AMC has always been a collection of the brilliance of our network. In addition to AMP staff we have gathered two major groups of AMC organizers to co-curate our process.

AMC Chrysalis Creative Team is a team of highly engaged, long-term AMCs committed to engaging in the year-long Chrysalis process through retreats and planning and hosting Living Room Sessions.

AMC in Chrysalis Wise Council is a team of long-term AMCs committed to offering their ideas and feedback through each phase of chrysalis.

+ Becoming A Butterfly

Phase 1: Dreaming the Next AMC

Phase 2: Collaboratively Designing the Future

Phase 3: Finalizing the New Shape

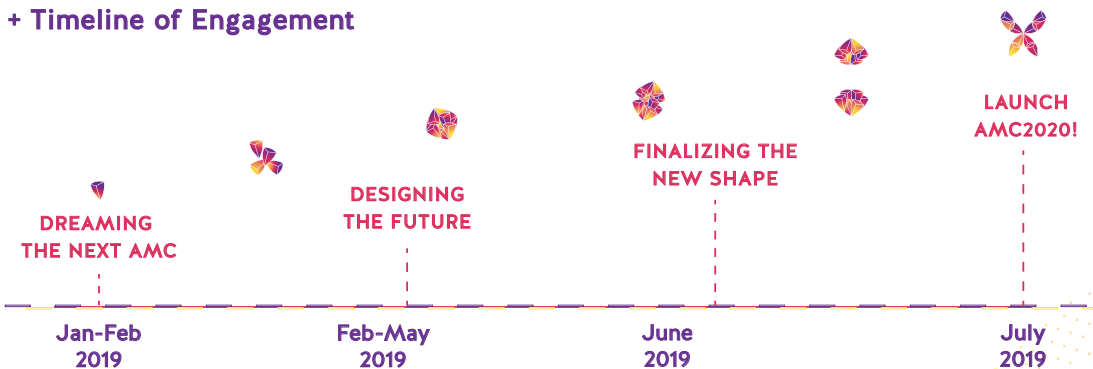

+ Chrysalis Living Room Sessions (For You!)

Each step along the way, we need our community's feedback as we finalize the future shape of the conference.

Living Room Sessions will be hosted by the Chrysalis Creative Team in April and May. They are an opportunity to get updates, offer feedback and share your ideas for the future shape and content of the AMC.

Stay tuned for announcements about each Living Room Session happening virtually and/or near you!
